

**Every 5 May:**  
WHO, bringing people  
together to improve &  
sustain hand hygiene.

Clean Care is Safer Care

**SAVE LIVES**

Clean Your Hands

## SAVE LIVES: Clean Your Hands - a WHO global annual initiative every 5 May

Through hand hygiene improvement, **SAVE LIVES: Clean Your Hands** galvanizes action at the point of patient care to reduce health care-associated infection. On 5 May every year, we encourage everyone to take action.

To help improve and sustain hand hygiene compliance and reduce infections in your health-care facility visit <http://www.who.int/gpsc/5may/en/index.html>
